

## 2022 Keewaydin Arrival and Departure Plan

***We are not out of the woods yet with Covid! Things may be getting better, but residential camps like Keewaydin and Songadeewin have unique challenges. First and foremost, CDC and Vermont state guidelines call for us to isolate campers and staff who test positive for Covid-19 for a minimum of 5 days. In addition, Covid is much more infectious than it was last year; so, even though we will all be vaccinated, if Covid enters camp it can spread! Therefore, we are going to do drop-offs on opening day in the parking lots. Though the “goodbyes” will have to be brief and parents won’t be able to come on to the campus, you can count on our staff and directors to be there with smiles on their faces, eager to greet all the campers and help them get settled! Directors will be available to talk with any parents who wish to speak with them.***

***At this point, we are planning on allowing parents on campus at pick-up on July 24 and August 20.***
